Nuts invents topless planking!

Because every new trend can be made better with boobs!

The *Nuts* readership has gone planking mental – every day we receive hundreds of pics of you chaps lying prone and motionless in ridiculous places, and very ruddy funny they are too.

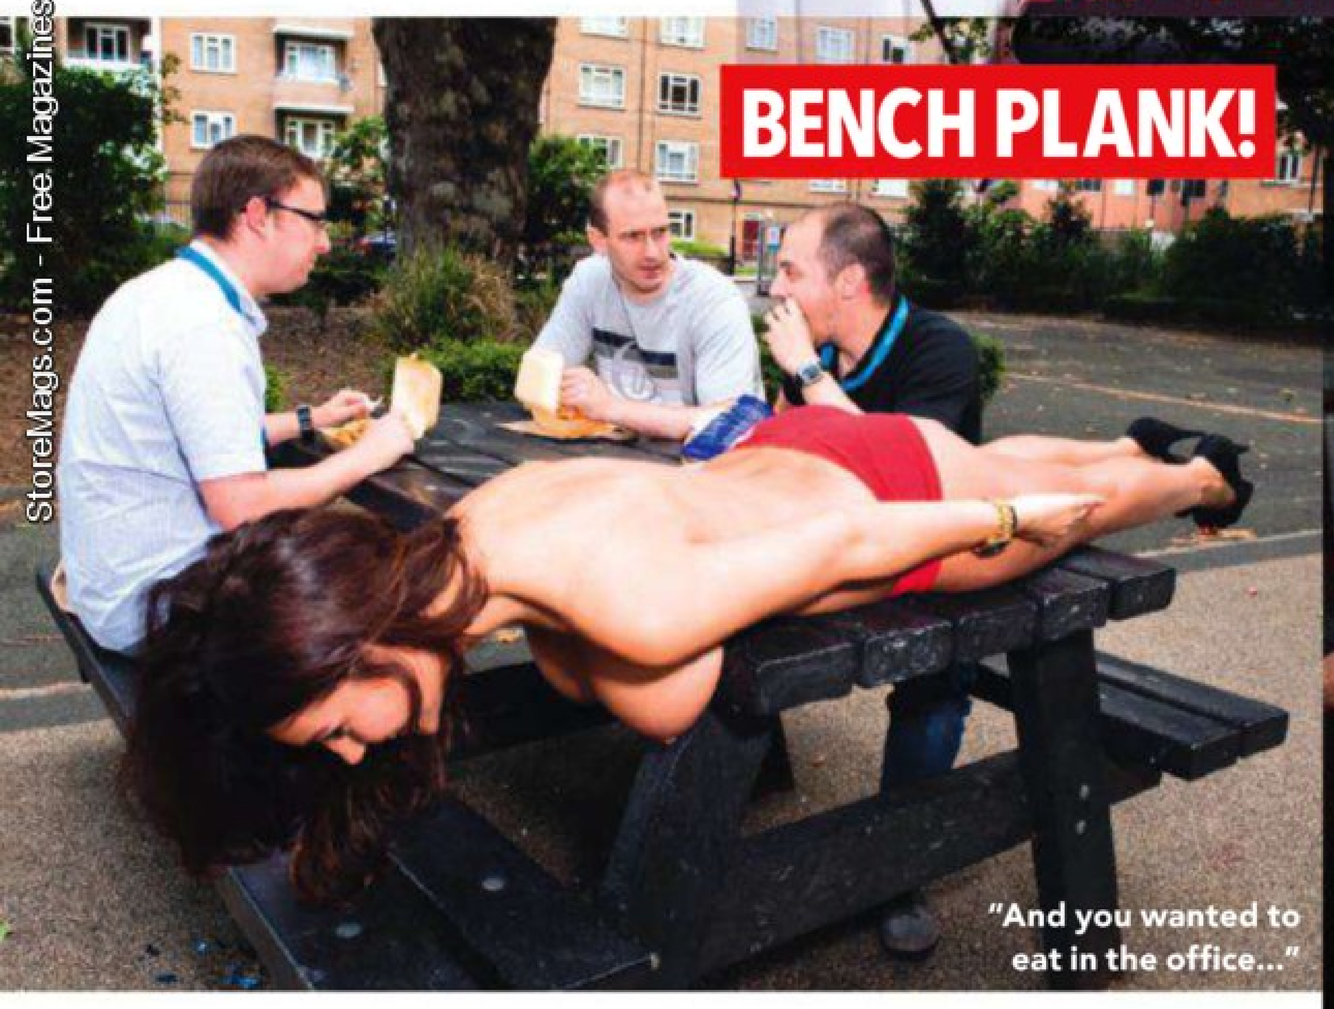

But here at *Nuts*, we always try to make a good thing even better, and with that in mind… here's topless planking! Yes, we've upped the game by taking out one of our boobiest chums, Holly Peers, to plank like mad with very few clothes on!

The results are emphatic – topless planking is ace! Ladies, let's see your best efforts!

We have lift off!

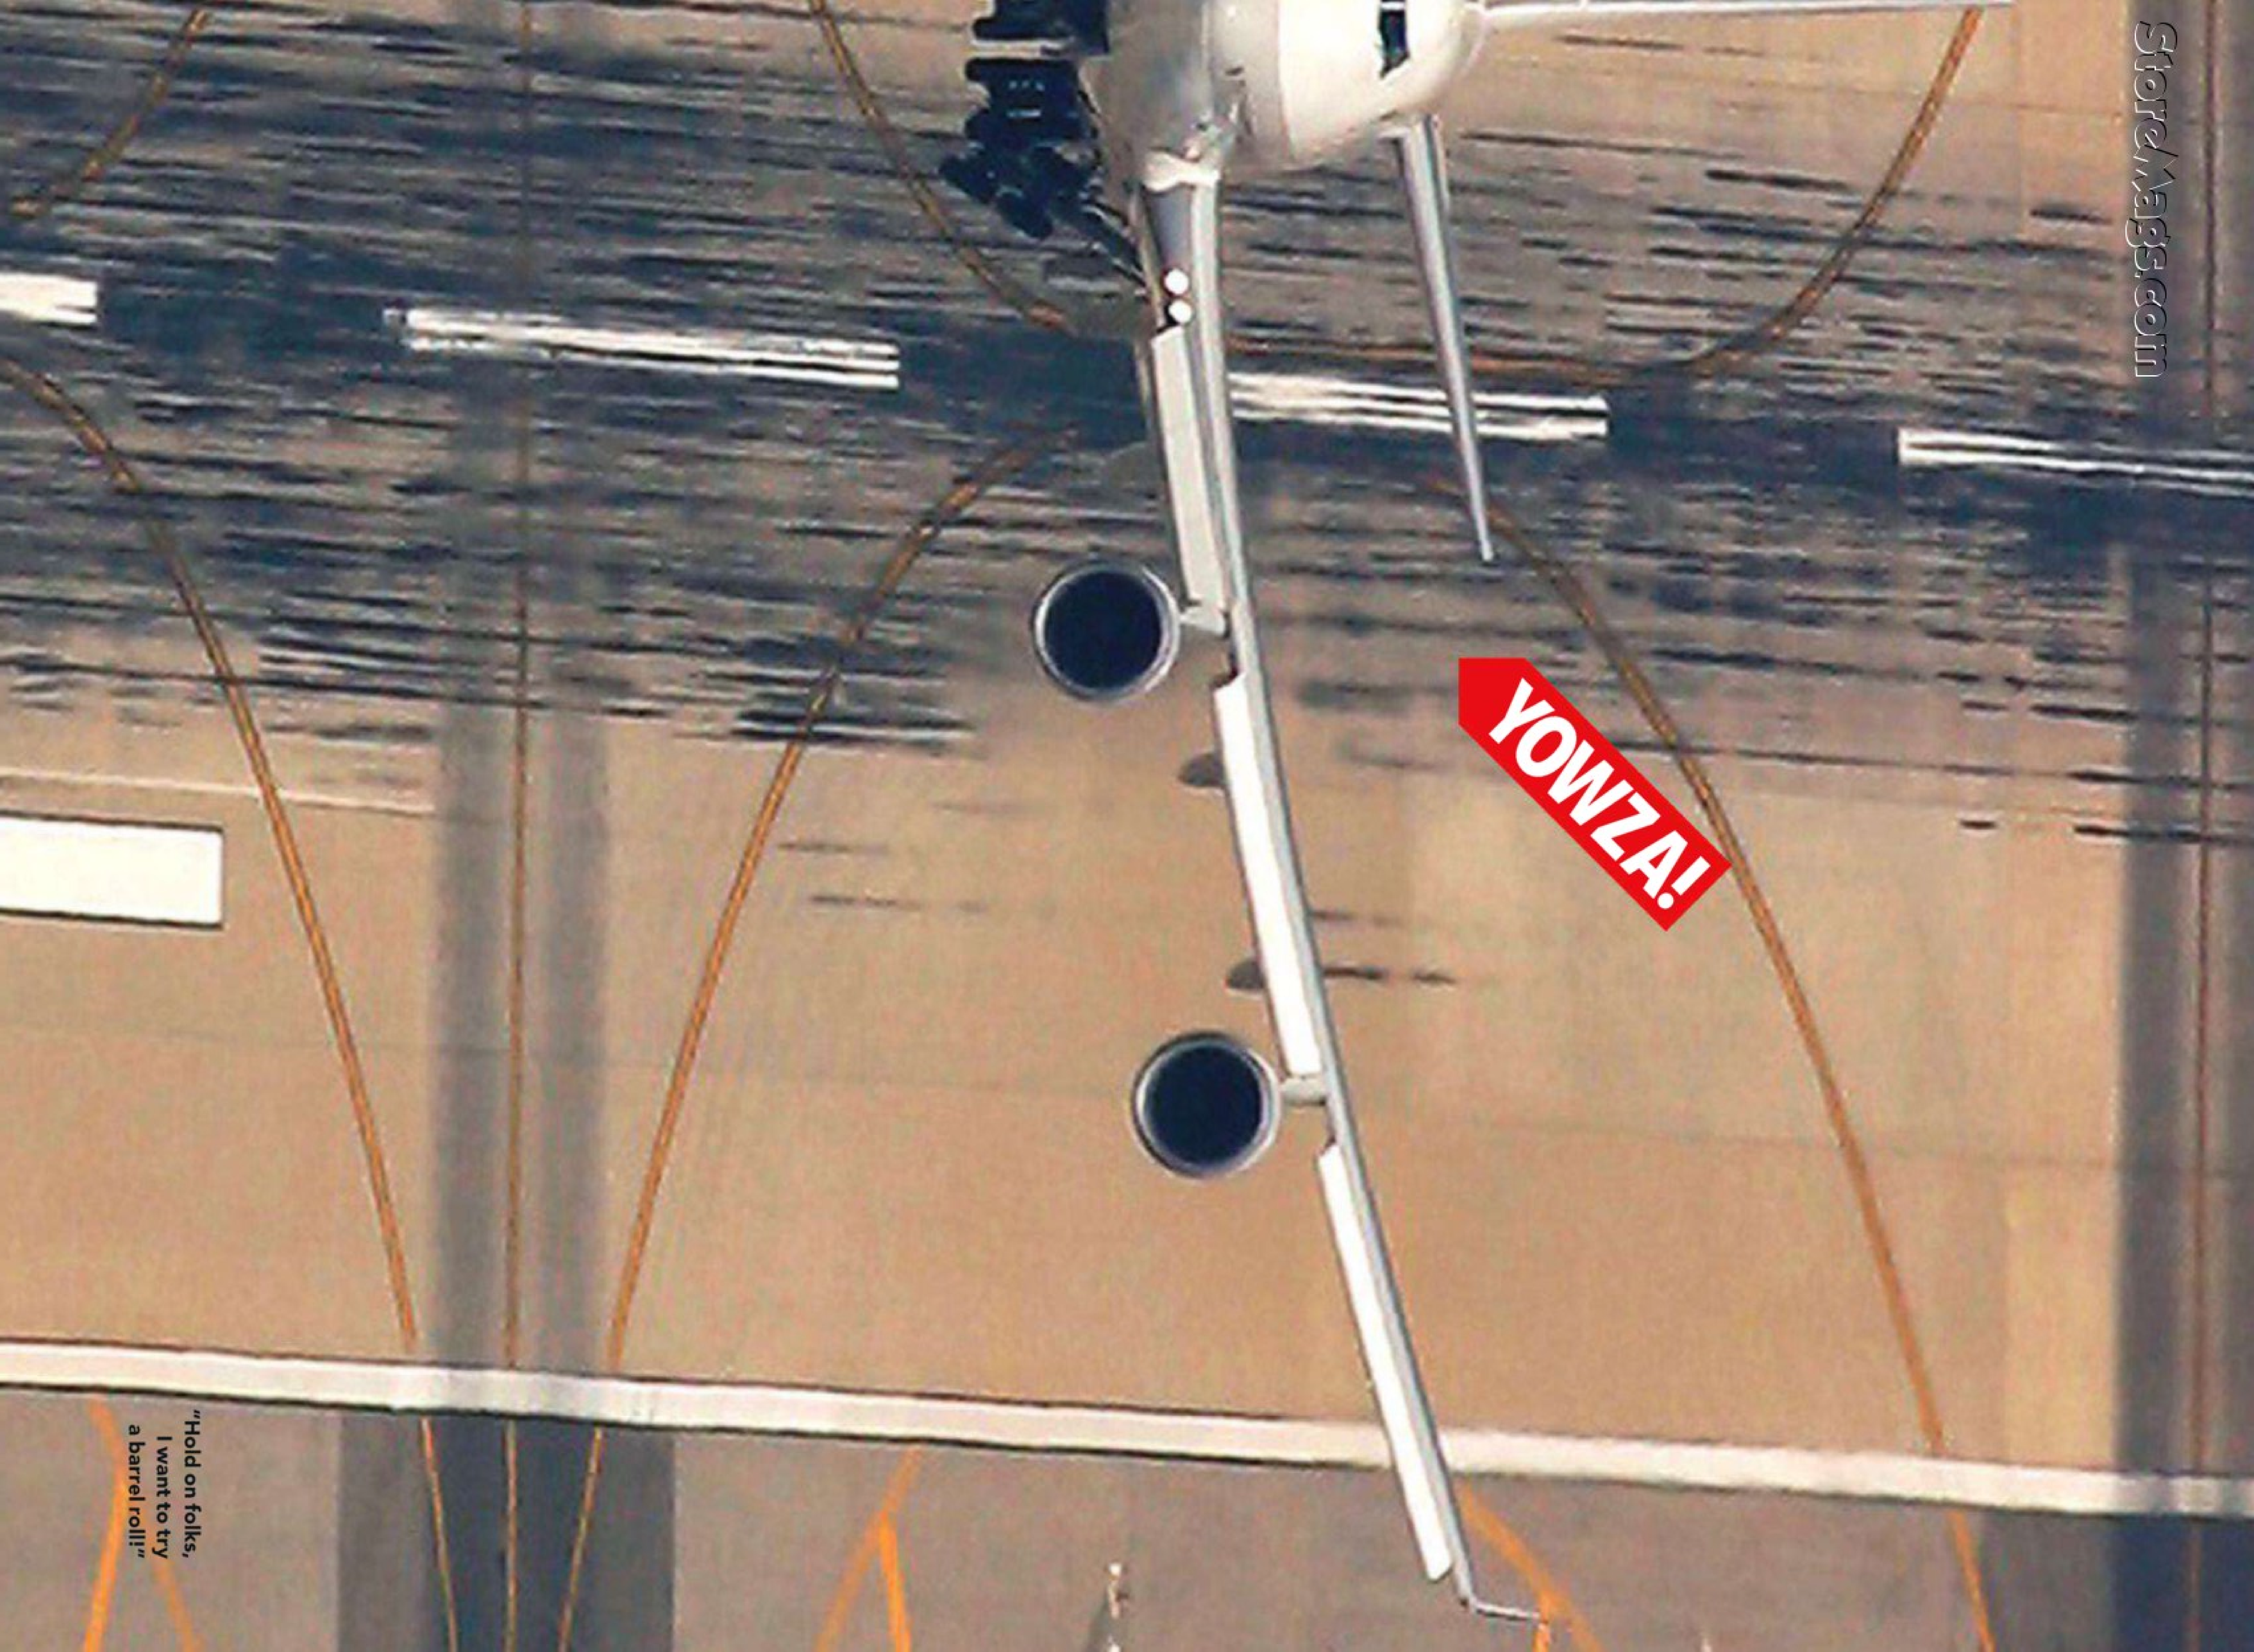

Passing Cessna snaps 747 take-off!

This Japan Airlines 747 – landing gear retracting, wings bending with the stresses of take-off – was snapped leaving Los Angeles airport, and heading towards overflying snapper Daniel Werner at a dizzying angle of about 45 degrees.

Daniel was able to take the snap with a long lens as he passed over LAX's free-fly corridor in a light aircraft. "I've seen the Space Shuttle take off and I've seen plenty of topless women in SXM [Carribean island Saint-Martin], but nothing comes close to a 747 heading right in your direction from just a few hundred feet away!" he told *Nuts*.

He was doing so well until he said this was better than toplessness. Silly Daniel.

Gervais' TV return!

Funnyman aims low in his new comedy show, *Life's Too Short*!

WORDS: RORY BUCKERIDGE

This bustling, London-set TV shoot sees Ricky Gervais and chums wrapping filming on his brand-new sitcom! *Life's Too Short* follows "Britain's pre-eminent dwarf actor" Warwick Davis (wee star of *Star Wars*, *Harry Potter* etc) running a talent agency – Dwarfs For Hire – and meanly keeping all the plum roles for himself.

Writer/director Gervais has already countered allegations of dwarf-on-dwarf cruelty over a little person punch-up, but he's happy with his work so far, describing Davis as, "Pound for pound one of the funniest men I know!" The show, also rumoured to be featuring Johnny Depp, Sandra Bullock and Steve Carell in cameo roles, airs on BBC2 this autumn.

208mph bespoke

Meet the Spada Codatronca Monza – an amazing Italian Yank mash up!

- **Veteran car designer Ercole Spada was responsible for sketching such classic motors as the Aston Martin DB4 GT Zagato, the Alfa Romeo Giulia TZ, the Lancia Fulvia Sport and, erm, the Fiat Tipo. And now he's come up with this strictly limited-edition roadster.**
- Called the Spada Codatronca Monza, it's an open two-seater with a 7.0-litre Corvette V8, and twin superchargers forcing air into eight cylinders.
- **The Monza runs out of puff at 208mph, but that's no slouch for a car that doesn't really have a windscreen!**
- Things will get a tad windy doing anything over 100mph, let alone 200-odd. Flies suddenly become bullets, so goggles and a lid are advised.
- **A pair of roll hoops serve as protection if things get hairy, which they will if you're not careful, because the Monza uses a close ratio old-school six-speed manual gearbox and is rear-wheel drive. It'll therefore charge from 0-62mph in just three seconds – in first gear!**
- With a carbon-fibre bodyshell stretched over an aluminium tubular chassis, the Monza looks as if it should be parked in Gotham City! Only one exists now, but Spadaconcept will build similar cars to order.
- **Weighing just 1,180kg, there isn't much to the car's innards. A steering wheel made by AIM incorporates a data-logger and an HD on-board camera, which records videos with overlaid telemetry. In other words, if you turn up for a track day people will nudge one another and point. A lot.**
- The roadster uses lightweight OZ ultra-leggera wheels and Pirelli PZero Corsa tyres, kept in check by FIA GT3 racing spec Brembo brakes and fully adjustable suspension.
- **You can order your Monza with a set of specially tailored luggage, or even a carbon fibre picnic set! But either way, you'll be parting with around £250,000.**

Very nice, but where's the cup-holder?

CLASSIC MISSIONS!

game!

The James Bond *GoldenEye* game franchise has had a "difficult" history. First there was *GoldenEye 007*, released on the Nintendo 64 in 1997 (stick-on classic), then 2004's *GoldenEye Rogue Agent* where you played a baddie (utter stinker) and last year's Wii *GoldenEye* "remake" (added spit and polish, sold quite well).

So here are screenshots of *GoldenEye 007 Reloaded*, a high-def reworking of the Wii's reworking of the original game. Confused? So are we. But it's simple: *GoldenEye* remade with all the graphical grunt that modern consoles can muster. Like a modern movie reboot, only gamey. And it's out this Christmas on PS3 and Xbox 360!

Cat attack!

Grumpy leopard attacks village. Village fights back!

This Indian policeman is finding out, first hand and terrifyingly, what a 90kg leopard feels like when it lands on your back – pointy bits first. The big cat went on a determined three-hour rampage around Prakash Nagar village in India, attacking six villagers, who took to their roofs to spectate as the cops arrived to take care of the situation.

After a dangerous but protractedly comedic chase, the rozzers eventually managed to tranquilise the nutty feline, but only after it took out one of their own. Unfortunately, the leopard didn't make it, but leopard children will sing of his exploits for many years to come!

ONLY IN Nuts!

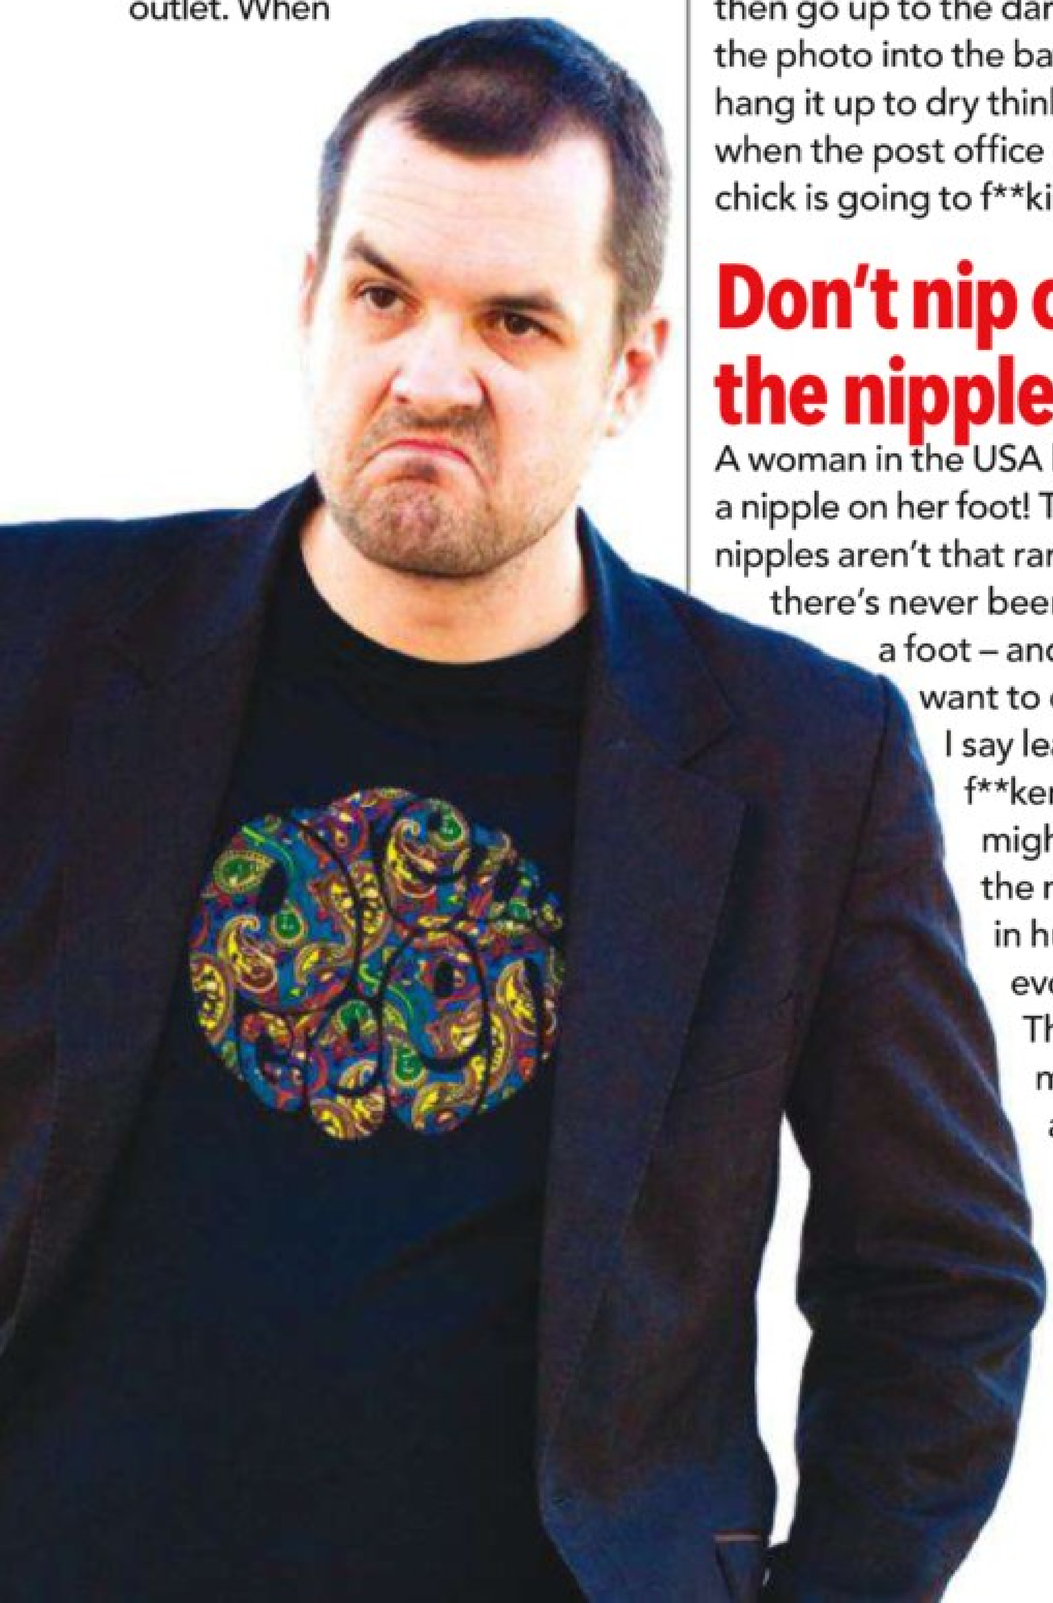

JIM JEFFERIES GOES NUTS!

It's the most offensive column on Earth!

'Who ever heard of a chick getting a £20 handjob?'

Sext appeal

It's now been proven that women send sex-texts more often than men – two thirds of women confessed in a survey that they've sent sexy texts or naked pictures of themselves via their mobile phones. This is because most sexting is done when you're drunk, and women need an outlet. When a man gets drunk, he can just pay for a hand job, but when's the last time you heard a girl say she got drunk and let a Thai guy finger her for £20? Women aren't getting sluttier, it's just technology that's getting better. Nowadays, I can just take a picture of my dick and send it to a chick. In the old days, I'd have to take a picture of my cock, then go up to the dark room, put the photo into the bath, then hang it up to dry thinking, "F**k, when the post office opens, this chick is going to f**king get it!"

Don't nip off the nipple!

A woman in the USA has grown a nipple on her foot! Third nipples aren't that rare, but there's never been one on a foot – and doctors want to cut it off. I say leave the f**ker on! This might even be the next step in human evolution. Thirteen more might grow and when she gets cold, she can play footy without boots!

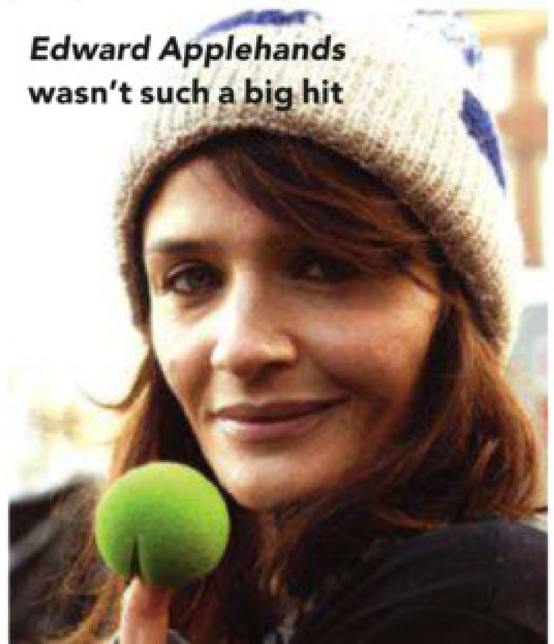

"Madam! Please put a bra on your, er, foot"

"Leave that fking nipple on her foot!"**

Ah, forget it

So it turns out that computer use is ruining our memory capacity, and I believe this is true because… Sh*t, I had something witty to say about this… Started typing, got distracted by some pictures of people with cleft palates… Then I watched that clip of a cat playing the piano (hee-hee!)… Married a Russian woman on Skype… Sh*t, what was I talking about?

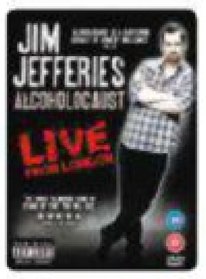

Edward Applehands wasn't such a big hit

Shower of sh*te

Supermodel Helena Christensen has revealed that she had an unconventional youth with her Danish father and South African mother. She claims, "It was total togetherness. We even took family showers. Isn't that normal?" No, Helena, it ain't f**kin' normal, but that said, it does explain how she dated deceased INXS frontman Michael Hutchence for so long. After family showers, your boyfriend w*nking with a belt tied around his neck and attached to a hotel door doesn't seem quite so odd.

Filthy yoghurt!

I was reading about a supermarket employee in America called Andy Garcia – not the movie star, mind – who was ejaculating into yoghurt samples and getting shoppers to eat it. He was caught when a lady customer told cops the yoghurt tasted like spunk. Suspicions were also raised when he told people to let it dribble down their chin and spit it back into his mouth.

Cushions cause carnage!

One glance at this unlucky *Nuts* reader's hand and you'll never look at cushions the same way again!

"There are some massive machines we use to tear cushion fibres apart and one broke down," explains factory worker Dave O'Connor, 25, from West Yorkshire. "I turned off the power and went in with my hands, but the machine hadn't stopped! The roller just dragged my hand in!"

On dragging his hand out, a shocked Dave discovered two fingers had been cut clean off! "My hand was hanging off and my fingers looked like sausages sliced in half!"

He's on the mend now, but David assures us it'll be a while before he goes near that machine again!

He'd try anything to get out of doing the washing-up

"What the heck's wrong with him?" he asks his young son, who'd been left to mind the place.

The pharmacist shouts in shocked disbelief, "What are you doing, you bloody idiot? You can't treat a cough with laxatives!"

Nuts GAMBLING MASTERCLASS!

We poured this advice into a *Nuts* man's head and sent him online to try to win!

Deal or No Deal top tips!

Deal or No Deal is a game enjoyed just by those who believe in a "system", right? Well, the TV game show might be, but the multi-line slot isn't!

For as little as 5p a go, you can win big – and if you're willing to play on all lines, you could win a progressive jackpot. In fact, one winner walked off with £1.96m!

And best of all? You can win big money in the comfort of your own home!

HOW TO PLAY

- **The aim is to get winning symbol combinations from a spin of the reels, with the ultimate aim being to win the progressive jackpot.**
- You can gamble up to 20p on each of the 20 pay lines. That's up to 20 chances to win on each play!
- **The progressive jackpot can only be won on the Deal or No Deal bonus game, but there are also two other fun bonus games called Banker's Offer and Mystery Box Bonus, where you can win cash.**

THE NUMBER LINES

It's all self-explanatory – click the number beside the reels, or the "Bet One" or "Bet Max" button. Choose Bet Max for the chance to play the bonus game and win the biggest jackpots!

BONUS GAME

If you're betting on all 20 pay lines and you get three Deal or No Deal bonus symbols on any pay line, the bonus game begins. This is much like the Deal Or No Deal TV show, only the big progressive jackpot is at stake here. Don't be too greedy or, like us, you could end up with £8 instead of £100!

THE TRUTH ABOUT SEX WITH... LUCY PINDER

Nuts girls solve your bedroom bother!

Email questions to **thetruth_sex@ipcmedia.com**

She's so soppy

My girlfriend always wants to listen to soppy love songs in bed, but I just want to listen to something down and dirty. How can I get her to enjoy listening to a nice bit of Usher or Jason Derülo?

Stevo, Norwich

First and foremost, your lady needs you to be properly turned on in the bedroom or she's not going to be getting any tonight! Let her know that her soppy love songs aren't really doing it for you and work on a compromise that both of you can agree on!

Nuts BABES' SEX TIPS!

No.47: "Make a subtle suggestion to your lady that you look together for a toy for her on the internet!"
Kelly Hall

I've got the fear!

A few years ago, I injured my downstairs bits during some energetic sex. Now, whenever my girlfriend wants me to go harder, I'm scared I'll hurt myself again. What should I do?

Barry, Birmingham

The last thing you both want is for it to happen again, so perhaps rough sex isn't the best idea. Talk to her about exploring new things that won't leave you in excruciating pain!

Is that cheating?

I was on holiday with the lads recently and when I was drunk, they paid for me to have a lap dance. Should I confess everything to the missus?

Duster, Wolverhampton

I don't think that a bloke having a lap dance for fun is too bad. It sounds like it was harmless and you didn't have your wits fully about you. Tell your girlfriend. She'll understand.

I pop my cork too fast!

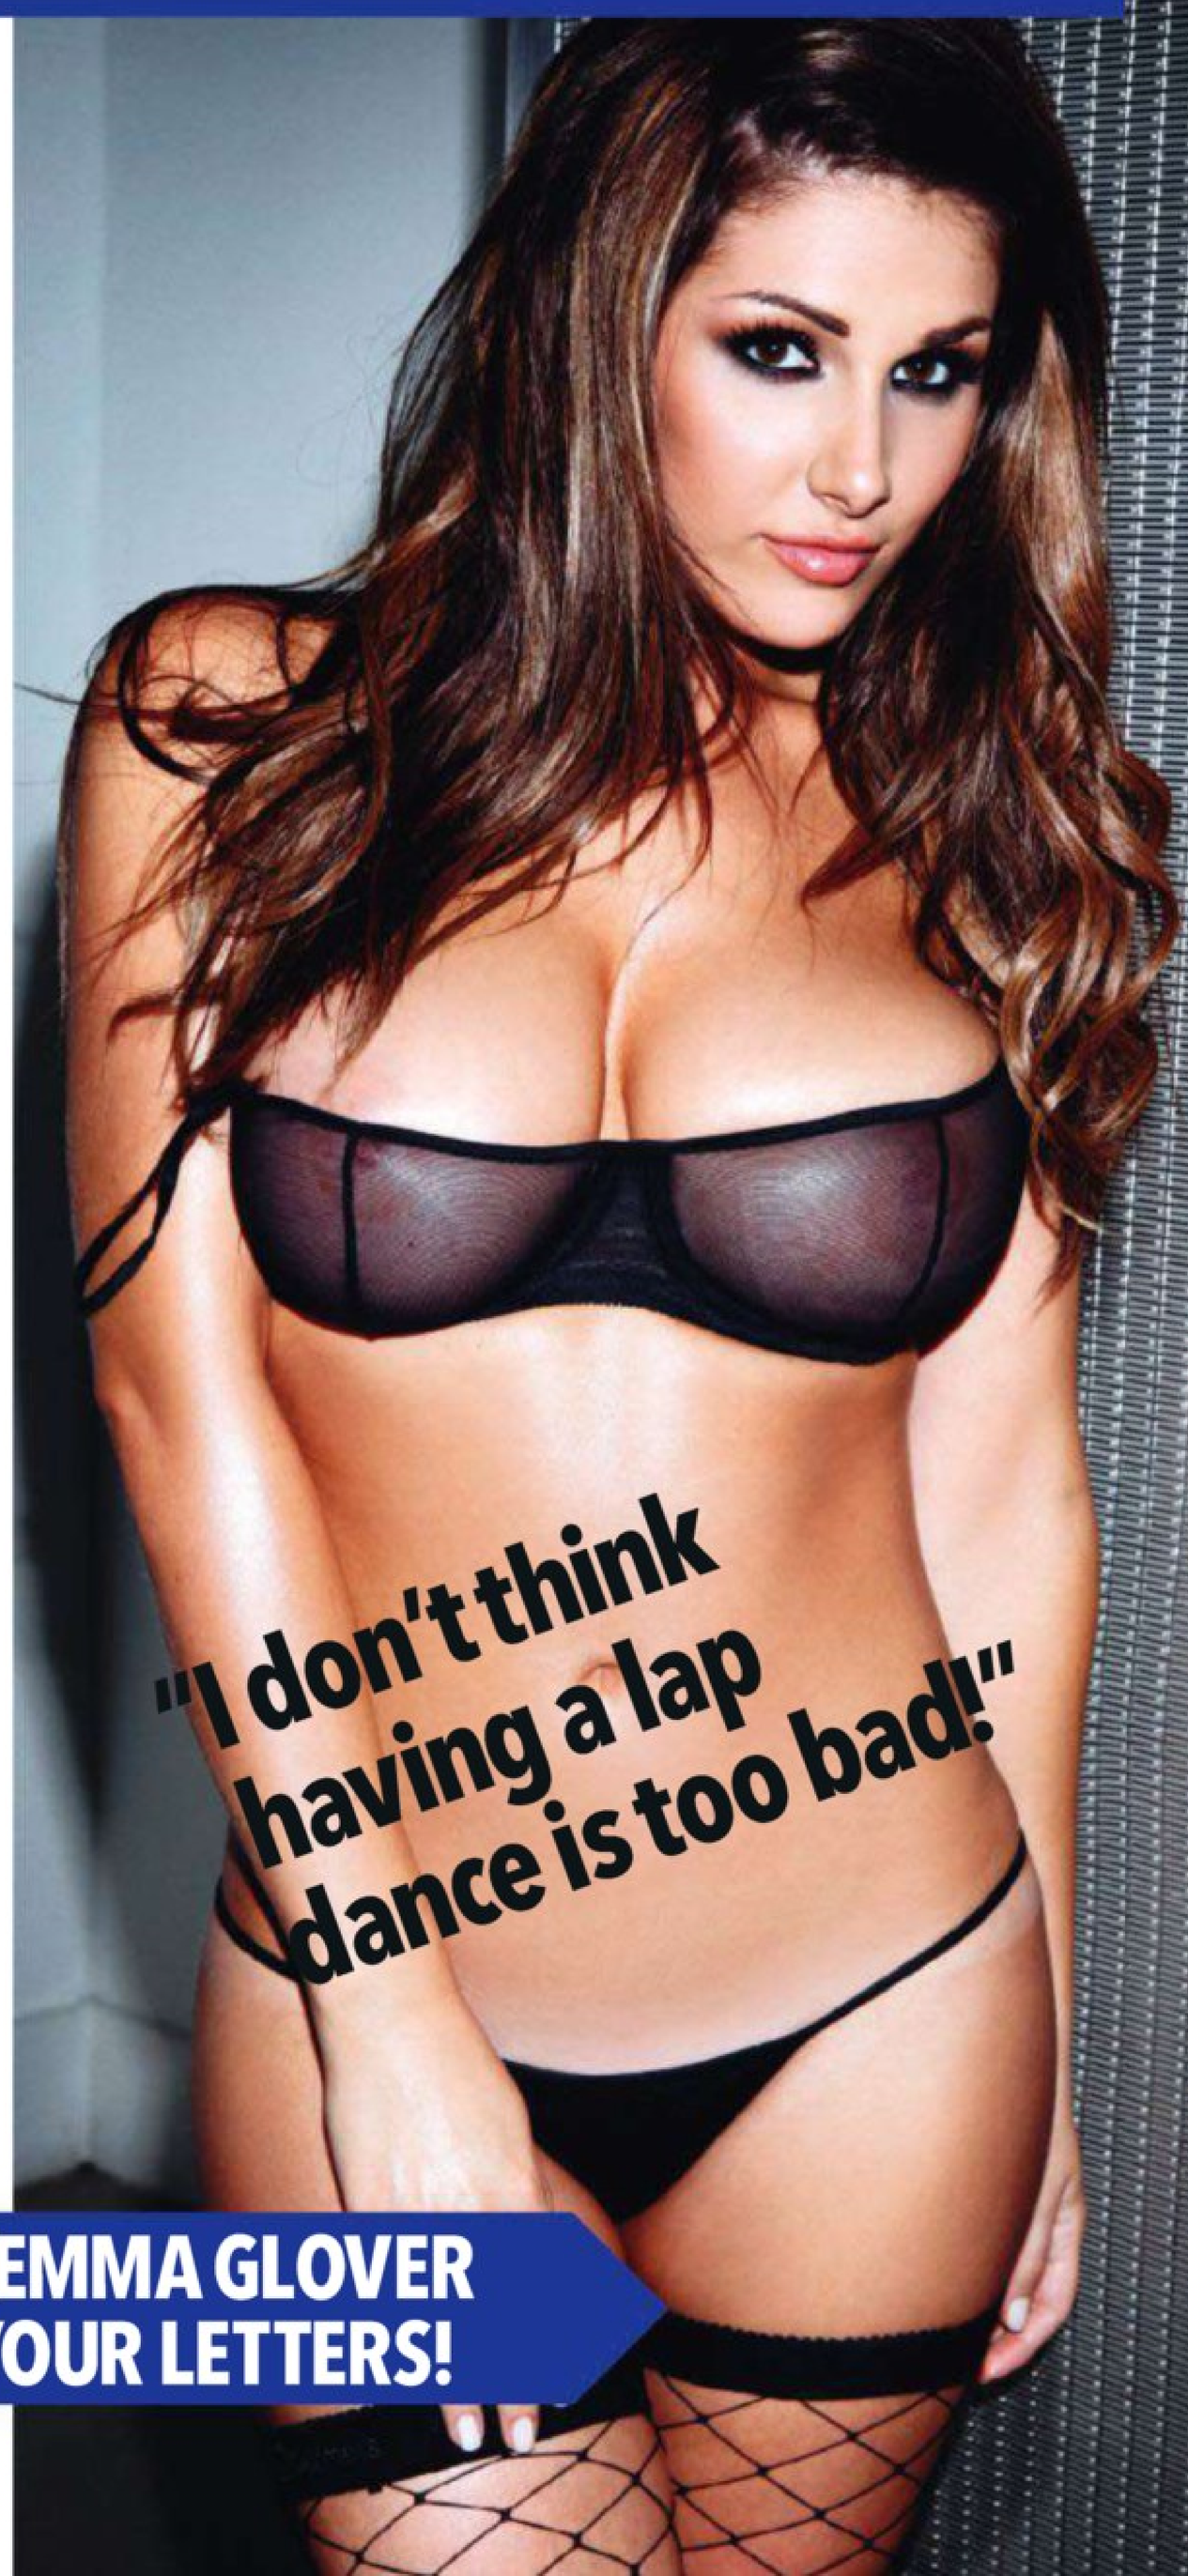

I'm no stranger to premature ejaculation but people tell me it's a case of mind over matter. How can you shut something like that out of your mind?

Richard, Newton Abbott

Thinking of something unsexy kind of ruins the fun. If you think you're getting close, just focus on pleasuring her and that should take your mind off it!

Nuts NEXT TOP MODEL!

ONLY IN Nuts!

Introducing the hottest new models – in their first ever *Nuts* shoot!

Beth!

Gents, meet Beth, the 32D Birmingham babe!

Hi Beth! How was your first ever *Nuts* shoot? Really good! I'm so excited readers can finally clap eyes on me! It was lovely playing dress-up then getting undressed again!

What other modelling have you done? It's the first time I've ever done anything like this, actually. But I'd definitely do it again!

Who are your favourite *Nuts* models? I'm a big fan of Emma Frain – but then, who isn't? She's so pretty and has a really great body. I also love a bit of Danica. She's definitely a sex symbol!

What do you look for in a chap? A good sense of humour. I know all girls say that, but it's true. I also have a thing for Harrison Ford, but that might just be a weird fantasy I have about a man in a hat with a whip!

What are your best assets? I personally think my best assets are my lips. They're really nice and full. I'd also say my excellent pub quiz knowledge is worth mentioning! I know my stuff!

What are your modelling plans? I'd like to see more of me in *Nuts*... In fact, I want everyone to see more of me in *Nuts*!

What would your ideal sexy shoot be? I'd like a dominatrix shoot! A full catsuit would be hot. Maybe I could dress a bit like Britney in her *Slave 4 You* video. I also like animals, so perhaps a snake over my shoulder? That could work! ■

Want more Beth?

To see more Beth in *Nuts*, text **NUTS** to **88088**. Lines close 8 August. Texts cost your standard network charge. You'll receive a free message reply. Telecom Express helpline: 0870 880 4869

British Army sharpshooters hunt killers in Afghanistan...

The Chinook's doors opened as troops from 3 Commando Brigade Reconnaissance Force (BRF) spilled out, fighting their way off the helicopter landing site under heavy fire. They'd been scrambled from Camp Bastion, Afghanistan, to check out a tip-off about a suspected weapons cache in a compound in the Nahr-e Saraj district. Cpl Liam Murphy, a Royal Marine from 30 Commando, recalls, "We were all unsure what to expect as we left Camp Bastion at short notice. But we knew immediately when we landed that we must have stumbled upon something significant. It was pretty intense – one of the biggest contacts we've seen this tour."

There were several firing points dotted around the compound, but as they called in support from attack helicopters, what concerned the soldiers most was the presence of a sniper who was trading fire with them, thus halting their advance.

After a lengthy firefight, the BRF called in their own snipers to track and neutralise the sharpshooter who was pinning them down. It didn't take long for the BRF sniper to locate the insurgent sharpshooter. And as the 8.56mm round left the barrel of the BRF marksman's L115A3 rifle at almost three times the speed of sound, the Taliban marksman probably never knew he'd been shot.

With the enemy sniper out of action, the BRF were then able to overwhelm enemy positions and advance into the compound where they found a massive Improvised Explosive Device (IED) factory and training centre.

The incident highlights how crucial snipers can be in many ways, with their ability to unlock battles, strike fear and uncertainty in an opponent's psyche, and also why they're such a lethal and integral part of modern warfare.

THE SANGIN SNIPER

Insurgent snipers aim to cause maximum disruption with minimum effort. Most sniper shootings are merely sporadic and isolated incidents, but the troubled Helmand province is now home to a man known as the "Sangin Sniper" or the "Nad-E-Ali" sniper, who's conducting a dedicated campaign against British and American forces.

At an outpost in Qadrat, Helmand, Taliban snipers have killed two British soldiers and injured six more since November 2010. They continually open fire on any patrol heading north out of the compound and soldiers sometimes return to base with holes in their backpacks and armour. In response to this threat, the British Army have called in their own elite platoon of snipers to track the Taliban marksmen. One has since been killed after being located by a Para who fired a shot to dislodge him. He escaped on a motorcycle, only to meet a decisive end a mile down the road courtesy of a Hellfire missile. But one gunman is still at large...

HIDDEN FOES

SNIPER WAR!

'Soldiers had bullet holes in their armour'

Mountain Division, took out two Taliban insurgents near a weapons cache. Explaining his role, he says, "Any time you have a sniper kill, it's a devastating blow to the enemy. It denies the freedom of movement. It creates stress. Every time we walk out there, we're stressed about IEDs. Now, when they step out, they're going to be worried about snipers."

WORDS: ALISTAIR MACQUEEN PHOTOS: MOD, CORBIS

EXPLOSIVES

Taking out an enemy sniper led to the discovery of a huge stash of IEDs

The Sangin area of Helmand province has seen an increase in Taliban sniper activity. Soldiers from the US Lima Company, Third Battalion Seventh Marine Regiment, and the British Engineers have found themselves targeted, with one man killed from each unit, plus another Marine wounded. "He's a decent shot, not a great one," said one soldier who heard the shots and estimates that the enemy sniper was less than 600 metres away from his target when he opened fire.

THE DOCTOR

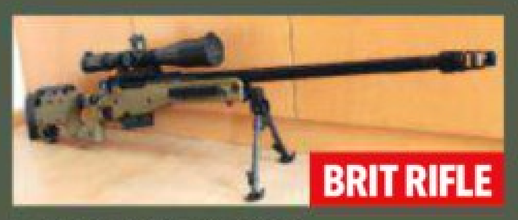

After the death of two British soldiers from 3 Para, it appears the Sangin marksman is now in the sights of a team of six Commandos. They know the age of the sharpshooter and have labelled him "the Nad-e-Ali sniper" because of the area where he shot other Paras and Royal Engineers.

Of the six Commandos, one is known simply as "The Doctor" because of the meticulous and clinical way he dispatches enemy targets. It's claimed that he's one of Britain's best ever snipers, has won medals for his shooting in Iraq and has told British newspapers: "He [the Nad-e-Ali sniper] is our high-value target. He knows what he's doing."

Intelligence reports say that he walks with a limp and uses an old British Lee Enfield rifle. This weapon, first brought into service in 1895 and commonly known as the 303, is somewhat at odds with the superior firepower the Commandos are familiar with.

And so this war within a war continues. But as one sniper from the British Army remarked of the Qadrat sharpshooter: "It's a waiting game. We'll see who's more patient, but for him, it's one person against the whole of the British Army." ■

The Scouse comic talks pubs, dogs and bringing Messi to Anfield!

Hi John! So what can we expect from series two of *John Bishop's Britain*? Hello! Hopefully it'll be more of the same but better! We've had a bit longer to put it all together this time, which should show through. That said, the last series got a great response, so we're really not looking to change it too much!

What sort of stuff do you reckon you'll be talking about? Well, the format was always based around what people were talking about in the pub, so it'll be more of that. Basically, if it's something you can whine about, we'll be covering it!

What are you notorious for sounding off about when you go to the pub? The same things that everyone sounds off about! It's just life, isn't it? You know – marriage, kids, that sort of thing – but it's not like I walk into the pub and say, "Right lads, this is the agenda for today!"

What do you love most about living in Britain? The weather. Hear me out! Everyone's always complaining about it, but if we had sunny weather then we wouldn't have any good pubs! The British pub has grown out of the fact that it's always raining. Otherwise we'd be a café society like the frigging French! And nobody would want that, would they?

Do you think you could you live in a pub? They're just really great places. Everything's built around them – every railway station's got a pub next to it, every bus station's got a pub next to it. They're built around the fact that you'll always need that little oasis.

Do you get people asking you to tell jokes all the time? It does happen sometimes, but I just say no! I don't think it's the done thing to ask someone to do their job like that. I've got mates who are electricians but I don't say, "Can you just do my rewiring?" I do keep a couple of quick ones up my sleeve though.

Go on then... It's actually a Tim Vine one – a fella walks into Alcoholics Anonymous and says, "Can you help me? I can't stop gambling." The guy there says, "I'm sorry, sir, I think you're in the wrong place." So the gambler replies, "You're probably right. I'm so p*ssed, I don't know where I am!"

Do you have any favourite short jokes of your own? How many midgets does it take to change a light bulb? One, and a very big stepladder! Ha-ha! See, that's a short joke. It's a joke about short people!

OK, let's move on! So is it true you're a vegetarian? Yes it is! I did work in a hamburger shop and I had to go and collect the meat one day. It wasn't pretty. Let's just say that I walked into the wrong room at the wrong time on the wrong day!

So you're never tempted to dig into a kebab on a night out? No, because I've seen what goes in a kebab! Once you've cleaned out a kebab spit at the end of a shift, you'll never want a kebab ever again. It's like being in a liposuction clinic and cleaning the bins out!

Do you reckon you'd be less funny without your accent? Sometimes, you perform around the country and say stuff and people laugh. And you think, "That wasn't the joke!" They're just laughing at your accent!

You've got great teeth. Are they the best in comedy? I've no f**king idea! Have I got the best teeth in comedy? Alan Carr's had a lot of work done now, but you should have seen him when we first shared a stage. It was like a before-and-after advert for a dentist!

What really makes you laugh? My kids and my dog. In fact, dogs in general. Because I make people laugh for a living, I just don't find other humans that funny! I'm much happier watching my dog p*ss around!

You mentioned your kids, who you're always making fun of on telly. Do they hate you for that? Ha-ha! No, because we've reached the bargaining stage now. I think they've cottoned on to the fact that I can pretty much get them tickets for anything they like. It's like blackmail!

You're a big Liverpool fan, but could you ever manage them? No way, not now King Kenny's back. What would I possibly be able to do that was better than him? I could do it for a week though. I'd make myself captain!

And what are your expectations for next season? They've started to play like they did in the old days, so I'm really excited about this year. It'd be nice to sign up Messi, though! In fact, sod it, I'd like them to get hold of the whole Barcelona squad and move 'em all to Anfield! ■

37 DAISY WATTS
You could wind up 20-year-old Daisy by repeatedly asking, "Watts your last name?" You'd be a twerp, though.

35 KIERA SWEENEY
Proof that *The Sweeney*'s not only an upcoming thriller starring Ray Winstone, it's also the name of a bosomy beauty!

34 SAMMIE PENNINGTON
Sammie seems surprised to have lost her top. We feel many emotions. But not surprise.

27 EMMA FRAIN

1 ROSIE JONES

Ask any *Nuts* reader who their ultimate babe is and a fair few of them will say, "Why, it's Rosie Jones, of course!"

Hi Rosie! How does it feel to be voted numero uno? Hello! I'm actually genuinely surprised. It feels amazing! I was just out having a sunbathe in the garden when I heard the news. Are you sure it's not a wind up? Ha-ha!

No way! Have you ever won anything before? I'm sure I've won a few drinking contests, and it turns out I'm pretty good at firing a gun, too, so people had better keep voting for me…

Blimey! How else will you retain your top spot? I should probably stop eating takeaways! I won't keep off them altogether, though, or my boobs might shrink. Also, I'm going to keep up the naked *Nuts* shoots so you'll never forget what I look like!

If you could win anything else in the world, what would it be? Well, I'm happy with the "sexiest topless" title for now. I'd like to win the lottery. Does that count? I should really start buying tickets if I want to do that!

So who would you have voted for? Too hard! I'd have nominated about ten girls, but if you made me pick one, I'd go for Pinder… or maybe Emma Glover… in fact, I'd just vote for all my friends! I guess it helps that they're all so hot!

How are you going to celebrate this sexy title? I'm going to have a few drinks now, I think. Actually, I think you guys should throw me a big party next time I shoot for you!

And what would you insist on having at such a party? OK, wild animals, loads of Jägerbombs, hot strippers, cake, a boobtastic bouncy castle, and more Jägerbombs. Does that sound like fun? It's my birthday soon, too, so we could make it a double celebration! ■

Pietersen: 'Our players are a match for anyone!'

The England man on his team's chances of world domination!

Hi KP! With the Test series against India very much under way, does it feel like the summer has really started? Absolutely, 100 per cent. Already we've performed well [against Sri Lanka], but obviously India are something special. They're the number one team in the world so it's fantastic to pit our wits against them.

If you win this four-Test series by two matches, England will overtake India and South Africa in the rankings to become number one side in the world. How much of an incentive is that? The management and the players have said for a while that this is a real goal. But it won't be easy – India are an amazing side and they've had the advantage over us in recent series. We'll just look to the brand of cricket we've played in the last year or so and take real confidence from that. If we play throughout the rest of the summer like we did in the Ashes, I know we can beat the Indians!

What will be key as the series continues? Their batters are obviously awesome – just look at their stats – so getting 20 wickets, as always, is everything. But our attack is as good as any in the world, so I think we'll be fine. Our own batting line-up can score some serious runs. From what Alastair Cook and Jonathan Trott have achieved recently, down to a wicketkeeper in Matty Prior who scores Test match hundreds, we have a team unit who can more than punch their weight.

How important is the home advantage? Hugely important, I hope. Without a doubt, India are a really powerful side whether home or away these days, but obviously we should benefit from knowing the conditions, the weather and everything else. I'm also hoping that the pitches we play on will suit our bowlers a lot more!

What do you make of India's star player, Sachin Tendulkar – "The Little Master" – so far? What can you say about the guy? He's a legend who just goes on and on being incredible at what he does. We'll have plans in place for all the Indian batters. But Sachin is a different case. He's set the bar for the rest of the world in terms of runs scored, longevity and the way he conducts himself. I take my hat off to the guy!

What about your own form? Will we see the Kevin Pietersen of old as the summer progresses? I feel good and confident about my game. I've put in a hell of a lot of hard work and know I'm capable of putting a run of good scores together. I'll just continue to play in the same positive way and see what happens.

But you do tend to perform against the big sides when the pressure is really on… I do get up for the challenge, yeah. I like to test myself against the best and this series is an opportunity to do that. As I say, I'm in a really good place at the moment. I've rediscovered my love for the game and really look forward to every England match – especially against incredible cricketers like the Indians.

Do you think the English crowds give you more respect these days? I just hope people see how proud I am to represent England. It's always been the case, but maybe as time has gone on, the message has got through a bit more!

Thanks for the chat, KP! Just one last question – what's your prediction for the series? Can you win? I think we can win the series, for sure. Our players are a match for anyone, anywhere. It's up to us to perform and see how the Indians respond. This is already a series full of fantastic cricket. You've got two very strong sides who'll be giving 100 per cent so it'll be fantastic entertainment, I'm sure.

KAMMY!

ONLY IN Nuts!

He's the voice of the fans – and he's only in *Nuts*!

"Signing-on fee? About this big"

Spurs need Adebayor!

I hear Spurs boss Harry Redknapp is interested in signing Arsenal old boy Emmanuel Adebayor. It'd be a real coup for the boys from White Hart Lane, not only because they desperately need firepower, but because Gunners fans hate him! It'd be typical Harry – he's always been top-drawer at picking up quality players that seem like a risk. If he could get Adebayor back to his best, Spurs would have a terrific goal-scorer in their team. I'm surprised Jose Mourinho hasn't come back in for the big man, as he did well during his loan spell at Real Madrid.

As for Spurs' current strikers, they suffered last season from playing in the Champions League. It's difficult to go from the highs of a major competition like that back to the grind of the Premier League. Defoe is going through a blip and Pavlyuchenko needs more sharpness. It's difficult going in and out of the team every week! Although perhaps the arrival of Adebayor might kick them all up the backside and get them scoring more often!

"Harry's great at taking risks on top players!"

Goal-line technology is a must!

Hearing Richard Scudamore tell us goal-line technology may be in use for the Premier League 2012-13 season is the best bit of news I've heard for ages! It's absolutely crucial to the future of the game and something I thought I'd never see while Sepp Blatter is in charge of Fifa!

Football is all about goals, and the option to stop a match for 30 seconds to make sure the ball has crossed the line is a no-brainer! TV stations show us slow-mos all the time – the technology is there, so use it!

I was in Bloemfontein when Frank Lampard's "goal" was disallowed against Germany. Although the Germans outplayed us, that moment could have changed everything. We'd have been level with everything to play for. Thankfully, it seems we won't be in that situation again!

Poaching Clark Kent from *The Daily Planet* been a real coup

How to take the perfect penalty!

Nike's new jet-boots were proving tricky to master

PHOTOS: GETTY IMAGES

Nuts' expert Paul Merson reveals all!

Can nobody take penalties nowadays? What with Brazil and Argentina being dumped out of the Copa America thanks to the likes of Tevez, Elano and Fred ballsing up in their respective shoot-outs, the answer appears to be a resounding "No!" And that's before we even start talking about England's women… It got us thinking – what's the best way to hit the net from 12 yards? Having actually scored for England in a shootout against Argentina at World Cup '98, *Nuts'* man Paul Merson gives us his top tips for scoring spot-kicks!

1 TRY TO KEEP CALM
"During that walk from the halfway line, you'll have the opposing player walking back from his turn, winding you up. Keep your composure. It's vital for striking the ball cleanly."

2 PICK YOUR SPOT
"Decide where you'll hit the ball well before taking the pen. If you're right-footed, aim low to the left and hit the ball with your instep, so it swerves away from the 'keeper."

3 DON'T CHANGE YOUR MIND
"Indecision is a killer, so never change your mind! If you're facing a world-class goalkeeper, maybe hit it straight down the middle!"

4 HIT THE TARGET
"You have to hit the target! Then at least if you don't place the penalty in the corner or the keeper goes the wrong way, you still have a chance of scoring!"

LADIES CONFESS!

100% REAL STORIES!

TO OUR SECRETARY!

CONFESSION OF THE WEEK!

'We got wet reading *Nuts*'

While out shopping with my friend recently, it started to rain and we got soaked. We ran back to mine, giggling as her white top had gone see-through. We stripped to our undies and while warming up with a coffee, we had a little look at my boyfriend's *Nuts* magazine. After reading the Ladies Confess page, my dry knickers had become wet! I saw the naughty look on my friend's face and knew we both had the same idea. I leant across, pulled her bra aside and started to tease her erect nipples with my tongue. Before long, we were both naked, enjoying every inch of each other's body. She tasted amazing! I had the best orgasm of my life and by my friend's moans, I could tell she felt the same!

Kirsty, Windsor

'I pulled my top down for him'

I landed myself a new job in a department store recently and decided to spend a day there shopping to celebrate. I looked all day for a gorgeous dress and on my last attempt I found the perfect one. I tried it on and walked around the store, enjoying the admiring looks from fellas checking out my curves. Then a guy I was seeing a few months ago walked into the shop and stopped dead to eye me up. I walked straight up to him and asked him if he'd give me a hand. He followed me into the changing room and without saying a word, I pulled down both straps and touched my bare breasts, squeezing a nipple between my finger tips. His face was a picture and within seconds he'd replaced my hands with his own and kissed me passionately on the lips. We had a quick fumble until I heard my new boss' voice and told him to get out quickly. I've still not seen him since, but giggle every time I walk past the cubicle!

Jo-Jo, by email

'We did it in the airport lounge'

My fiancé and I were on our way to Greece and I'd always had a fantasy of getting filthy on a plane. We checked in and waited in the departure lounge, but just thinking of what could be happening in the next few hours made me wet and really excited. I couldn't wait any longer so I put my bag on his knee and slid my hand into his jeans, much to his delight. We snuck into a disabled loo where he pulled my skirt up and gave it to me hard from behind, as we didn't have much time. I never knew how much fun you could have in a small cubicle! I couldn't stop smiling to myself as I got on the plane with my wet knickers in my handbag!

Lucy, York

'I played with myself'

My boyfriend had just passed his driving test and we decided to take a ride in his dad's car. We set up the satnav and got going, enjoying the new experience. The oil indicator came on, so being cautious, he pulled over to check under the bonnet. While he fiddled about, I sat playing with his phone and came across a load of photos I'd taken a while ago and forgotten about. They were of him naked in the shower and I started to get really turned on looking at them. Before long, I found I was playing with myself and moaning, and it grabbed his attention within a minute. He laughed at what I was looking at and then asked if he could join in. I noticed the huge bulge in his trousers and climbed onto the back seat, flashing my tiny thong on the way. We were soon getting down to business and the car was steaming up and rocking. I just hope we didn't leave any stains on his dad's seat!

MUSIC!

WU TANG CLAN
LEGENDARY WEAPONS

There's a reason they're hip-hop legends and this album underlines it, although it's a collection of rather disparate collaborations rather than a coherent gathering of the whole crew – GZA is conspicuous by his absence. Even so, the Wu continue to be awesome and guest-stars like MOP and Sean Price make up for the lack of a full complement. A minor hip-hop classic. ★★★★★

VARIOUS ARTISTS
TRANCE NATION: RANK 1

36 – count 'em! – of the latest trance hits from Ministry Of Sound, which is your seal of quality. The likes of Armin van Buuren and Eric Prydz provide the marquee names. ★★★★

VARIOUS ARTISTS

Yes, they really do still make these after all this time, and this one has a fair few good tunes (Aloe Blacc, Jessie J, Cee Lo Green) and some stinkers from twerps like Bruno Mars. ★★★
